Share-VDE resources

This page presents resources about Share-VDE, initiative part of the Share Family, including materials for dissemination and public distribution. If after clicking on a link to a page or a file you are requested to input your credentials, it means that the resource is available to members only.

Contents

1 Materials for public dissemination ................................................................. 2
2 Bibliographic references .................................................................................. 2
3 Presentations and events .................................................................................. 3
  3.1 Year 2020 .................................................................................................... 3
  3.2 Year 2021 .................................................................................................... 3
  3.3 Year 2022 .................................................................................................... 4
Materials for public dissemination

- The **high level documents** publicly available for promoting Share-VDE and the Share Family are:
  - Press release announcing Share-VDE 2.0
  - Share-VDE Statement describing the role of the initiative in the context of Library Linked Open Data
  - Share-VDE brochure
  - Share Family brochure

- **Videos and general presentations**
  - Video introducing Share-VDE
  - Share-VDE user interface walk through: demo of Share-VDE web portal search features
  - Share-VDE presentation
  - Video about Linked Data for libraries - Casalini Libri and the Evolution of Cataloguing

- Focus on **main technical components**
  - Summary of the components of the LOD Platform, that is the technology underlying the Share Family system ([Italian version](#) available)
  - Extensive description of the LOD Platform ([Italian version](#) available)
  - Share-VDE entity model
  - Share-VDE perspective on Cluster Knowledge Base and Provenance
  - Share-VDE technological stack

- **Summary documents** describing Share-VDE features and processes
  - Short overview of Share-VDE and executive summary on linked data in multiple languages
    - Share-VDE: Short overview and Linked data and SVDE: Executive summary
    - Share-VDE: Brève présentation and Linked Data et SVDE: Synthèse Opérationnelle
    - Share-VDE: Überblick and Linked Data und SVDE Zusammenfassung
    - Share-VDE: Panorama and Linked Data y SVDE: Síntesis operativa
    - Share-VDE: Panoramica and Linked Data e SVDE: sintesi e contesto
  - Jacquie Samples and Ian Bigelow recorded the webinar “The Share Virtual Discovery Environment”.

*MARC to BIBFRAME: Converting the PCC to Linked Data*, by Jacquie Samples and Ian Bigelow, in «Cataloging and Classification Quarterly journal» (April 2020) [https://doi.org/10.1080/01639374.2020.1751764](https://doi.org/10.1080/01639374.2020.1751764)

Cataloger acceptance and use of semiautomated subject recommendations for web scale linked data systems, by Jim Hahn, paper submitted for the IFLA WLIC 2022 https://repository.ifla.org/handle/123456789/1955

Presentations and events

Year 2020

Modus Operandi: Creating the Superwork in Share-VDE and the Opus Level of Description, at the Bibliographic Conceptual Models Interest Group, American Library Association Midwinter Meeting, Philadelphia, January 2020, by Ian Bigelow

On Bibframe Hubs, at the Bibliographic Conceptual Models Interest Group, American Library Association Midwinter Meeting, Philadelphia, January 2020, by Kevin Ford

Interconnections in the linked data world: the Share-VDE experience, at the LD4 2020 conference, July 9 2020, by Anna Lionetti; recording available

BIBFRAME Workshop in Europe, September 22-23 2020, slides and recordings available at https://www.casalini.it/bfwe2020/

Share-VDE - A facilitator for the library community, at the Jio Institute Library Workshop, November 9 2020, by Tiziana Possemato and Michele Casalini

Annif and Finto AI: DIY automated subject indexing from prototype to production, at SWIB conference, November 23 2020, by Osma Suominen; recording available

BIBFRAME Instance mining: toward authoritative publisher entities using association rules, at SWIB conference, November 25 2020, by Jim Hahn; recording available

Share-VDE - A facilitator for the library community, at SWIB conference, November 27 2020, by Anna Lionetti; recording available

Year 2021

International conference on Bibliographic control in the digital ecosystem, February 8-12 2021:

- Ian Bigelow - Abigail Sparling, Control or Chaos
- Michele Casalini, The future of bibliographic services in light of new concepts of authority control
- Andrew MacEwan, *The International Standard Name Identifier: extending identity management across the global metadata supply chain*
- Oddrun Ohren, *The Norwegian national bibliography*
- Tiziana Possemato, *Universal bibliographic control in the semantic web*
- Philip Schreur, *I'm as good as you!*
- Osma Suominen, *Annif and Finto AI*

*Bringing an interoperable model to collaborative research catalogues*, at Jio Institute International Workshop, April 9 2021, by Tiziana Possemato and Michele Casalini

*Linked Data for Production 3: closing the loop update*, at PCC Joint Operations Committee Meeting, May 7 2021, by Philip Schreur

*PCC and the transition to Linked Data - implementation during LD4P3*, at PCC Joint Operations Committee Meeting, May 7 2021, by Michele Casalini

*Share-VDE 2.0: a panel discussion among the Share-VDE working group chairs*, panel at the LD4 2021 conference, July 22 2021, by Beth Picknally-Camden, Ian Bigelow, Jim Hahn, Martin Knott, Erik Radio, Filip Jakobsen; recording available

*Share-VDE 2.0: latest advancements of the Linked Data Management and Discovery ecosystem* (multiple presentations: Progress status of new developments, Share-VDE back-end status and live demo recorded), at BIBFRAME Workshop in Europe, September 21 2021, by Tiziana Possemato, Anna Lionetti, Filip Jakobsen, Andrea Gazzarini; recording available

*Share-VDE: interoperability in practice*, at DCMI Conference, October 5 2021, by Tiziana Possemato

*Re-use or Copy? Redefining copy cataloging in a linked data environment*, at Bibliographic Conceptual Models Interest Group, March 8 2022, by Nancy Lorimer; recording available

**Year 2022**

*Interchangeable Entities: BIBFRAME Implementation, Interoperability, and Metadata Reuse*, at Bibliographic Conceptual Models Interest Group, March 8 2022, by Ian Bigelow; recording available

*Modelling sequential relationships beyond MARC 21*, at Bibliographic Conceptual Models Interest Group, March 10 2022, by Abigail Sparling, Charlene Chou, Ian Bigelow, Julian Everett Allgood; recording available

*A Comparative Evaluation of Linked Data Discovery in the Share-VDE 2.0 Catalog*, at ALA Annual, June 25 2022, by Jim Hahn, Beth Camden, Kayt Ahnberg
Share-VDE Workshop, at ALA Annual, June 27 2022, by various speakers; the agenda including the link to the presentations and the recording is available at https://bit.ly/SVDE_workshop_2022-Jun-27

The Share Family—One Project, Many Tenants, at LD4 Conference 2022, July 15 2022, by Beth Picknally Camden, Alan Danskin, Abigail Sparling, Roberto Delle Donne; recording available
