{{DISPLAYTITLE:Share-VDE working groups}}

The activities of Share-VDE are organised into several work strands. Being a community initiative, the goals and desired outcomes are defined by the participating institutions through active engagement in different working groups **that meet on a regular basis**.

Share-VDE member libraries are welcome to join one or more working groups based on their interest in a specific work strand and on the active contribution they can bring to the discussion. To become a member of a working group, contact the chair or Share-VDE team at [mailto:helpdesk@sha re-vde.org helpdesk@share-vde.org].

==SVDE Advisory Council (AC)==

The Share-VDE Advisory Council's role is to provide insight and analysis of the MARC to BIBFRAME transformation to make recommendations for improvements based on member library data analysis, and project documentation. The AC also provides overall guidance to the activities of Share-VDE initiative and Working Groups.

==SVDE Advisory Council (AC)==

The Share-VDE AC will take an active role in determining future uses and vision for the Share-VDE initiative; Develop future use cases for Share-VDE, and set development priorities as needed; Monitor and lead the work of the various Advisory Council Working Groups; Maintain communication among the Share member institutions.

Share Family National Bibliographies working group (NB)

Among the Share Family of library driven initiatives a new working group has started dedicated to the practical cooperation among the National Bibliographies. Considering the important presence of several National Libraries in the Share-VDE community and in the broader network of institutions that follow the progress of this initiative and of other Linked Open Data projects, this working group has been launched in order to study and address the needs of National Libraries and institutions that hold National Bibliographies in the framework of a shared entity discovery environment such as the Share Family of initiatives.
